Product Description

Outdoor projector shell of track mirror protective box

Product Description:

1.The Waterproof Projector Shelter is built to last, with a waterproof level of IP66 that ensures it will stand up to even the harshest weather conditions. Whether you're dealing with rain, snow, or extreme temperatures, this waterproof box will keep your projector safe and dry, so you can enjoy your outdoor entertainment without any worries.

2.The Outdoor Projector Waterproof Box is a durable and weather-resistant enclosure designed to protect projectors from outdoor elements. It is made of high-quality materials that are resistant to water, UV rays, and extreme temperatures. The box is easy to install and comes with mounting brackets for easy installation on walls or poles.

Large laser cutting machine

Mechanical arm welding

Large six-axis bending machine

Eight-axis high-precision bending machine

Production process materials

Production

design drawing

Designers model and design the shape, and export CAD drawings to customers to confirm the size and appearance.

laser cutting

After confirming the drawings and production materials, use the confirmed drawings for laser cutting.

bend

Folding the box shape by a six-axis bending machine for molding.

The folded parts are welded to complete the box by hand, and then polished for baking paint.

Anti-static powder paint is waterproof, anti-corrosive, anti-static and high temperature resistant.

After baking, the finished product is assembled and tested, and the factory parameters are set and shipped without problems.
