

IP66 Air Cooled Outdoor Network Cabinet outdoor server cabinet for Outdoor Networking

Our Product Introduction

for more products please visit us on projector-cabinet.com

Basic Information

- Place of Origin: Shenzhen City, Guangdong Province, China
- Brand Name: shirui
- Certification: ip66/EMC/POHS
- Model Number: Non-standard customization
- Minimum Order Quantity: 5
- Price: Negotiation
- Delivery Time: 15 to 20 working days
- Payment Terms: T

Product Specification

- Door Type: Single Door
- Material: Galvanized Steel
- Cooling Method: Air Cooled
- Ambient Humidity: 0-100%
- Waterproof Certification: IP66
- Temperature Control: Thermostat
- Cable Entry: Top And Bottom Cable Entry
- Ambient Temperature: -15 To 50 Degree (5-122)
- Weight: 150kg
- Humidity: 5% To 95%
- Dimensions: 2200mm X 800mm X 800mm
- Capacity: 42U
- Protection: Anti-corrosion And Anti-theft

Product Description

Air Cooled Outdoor Network Cabinet The Best Cooling Solution for Outdoor Networking

1. Moistureproof box air-cooled version-realizable functions (non-standard customization)

1. F6 medium-effect air filter screen has the functions of air permeability, high efficiency, dust prevention and mosquito prevention.
2. Heating module, with temperature $\leq 5^{\circ}\text{C}$ and humidity $\geq 85\%$ for heating start, and with temperature $\leq 10^{\circ}\text{C}$ and humidity $\leq 75\%$ for heating stop.
3. Reserve 16A or 10A multifunctional sockets;
4. Passed IP66 waterproof certification.

2. Specification

Specification	
item	value
Place of Origin	China
	Shenzhen, Guangdong
Brand Name	thisshirui/Customize
Cabinet Standard	According to customer's request
Size	Floor standing
Protection Level	IP65
Type	Network cabinet
External Size	
Material	Powder paint
Type	Equipment Enclosure
Product Name	Outdoor waterproof network cabinet
Material	Galvanized Steel
Surface treatment	Powder paint
Application	Outdoor
Function	climate control
Custom Service	Offerable
Feature	OEM ODM Support
Color	Accept Customized
IP Rating	IP66Waterproof Box
Ambient Temperature	-15 to 50 degree (5-122)
Ambient Humidity	0-100%
Temperature Control	5-40°C
Humidity Control	10-80%

3. FAQ

1. who are we?

We are based in Guangdong, China, start from 2014, sell to Domestic Market(5.00%), Southeast Asia(3.00%), Mid East(2.00%). There are total about 11-50 people in our office.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3. what can you buy from us?

Outdoor projector housing, Projector protective box, Projector waterproof box, Outdoor network cabinet, Sheet metal processing

4. why should you buy from us not from other suppliers?

We have an independent design and R&D team and 10 years of industry experience.

5. what services can we provide?

Accepted Delivery Terms: FOB, EXW

Accepted Payment Currency: USD, EUR, JPY, CAD, AUD, HKD, GBP, CNY;

Accepted Payment Type: T/T;

Language Spoken: English, Chinese

6. Where can I get product & price information?

A: Send us an inquiry e-mail, we will contact you as we receive your mail.

4. Case study of outdoor network server cabinet

5. Moistureproof box configuration version

Moistureproof box configuration version

配置

1. The fresh air system+heating module (air cooling)

uses an industrial silent fan to fan the heat, and draws out the hot air in the box and sucks in the fresh air at the same time to form a circulation effect, which reduces the heat discharged by the projector in the box, and the heating module removes the fog of glass beads and dehumidifies.

fan

air-conditioning

Heating module

2. Fresh air system (air-cooled)+air conditioner+heating module

fan+air conditioner is called dual system, and it can be used on large lumen machines, and it can also be used in harsh weather environment. Besides cooling, air conditioner can also dehumidify, and the heating module can remove the fog of glass water beads to dehumidify.

Production process materials

Production

design drawing

Designers model and design the shape, and export CAD drawings to customers to confirm the size and appearance.

laser cutting

After confirming the drawings and production materials, use the confirmed drawings for laser cutting.

bend

Folding the box shape by a six-axis bending machine for molding.

The folded parts are welded to complete the box by hand, and then polished for baking paint.

weld

Anti-static powder paint is waterproof, anti-corrosive, anti-static and high temperature resistant.

stove varnish

After baking, the finished product is assembled and tested, and the factory parameters are set and shipped without problems.

Reassemble

Production process materials

Production box material

Galvanized sheet	201 stainless steel	304 stainless steel	cold-rolled plate
			
镀锌板 Galvanized sheet is a commonly used material, and its thickness is 1.2-1.5-1.8, which is more rust-resistant than cold-rolled sheet.	201不锈钢 The anticorrosion effect of 201 stainless steel is worse than that of 304, and better than that of galvanized sheet, so it can be used in non-seaside wet areas.	304不锈钢 304 stainless steel is food grade, with good anticorrosion effect and high material price, which is suitable for use in the environment with serious corrosion by the sea.	冷轧钢板 Cold-rolled steel is usually used as floor cage flange, box flange, external adjustment and fixing bracket, and the thickness is usually 3-4 mm.

6.Packing & Delivery

To better ensure the safety of your goods, professional, environmentally friendly, convenient and efficient packaging services will be provided.

Outdoor Projection Box ,
 Product design
 CAD drawing for approval
 Swimming pool options for extreme humidity and heat,
 High humidity – Cave systems/underground/tunnel options for damp environments,
 Portrait, landscape or inverted
 Any number of doors,
 Thermal insulation,
 Any mounting i.e. uni-strut or M8 threaded studs,
 Any RAL colour finish,
 Any orientation - Vertical, landscape or portrait,
 Any IP rated cable entries. eg: Data, HDMI , SDI

7.Foreign customers come to visit the factory to buy products.

8. Lead time

Quantity (pieces)	1 - 50	> 50
Lead time (days)	20	To be negotiated

9. Craft show
