

Galvanized sheet material Outdoor Projector Housing Made of Galvanized Sheet with Powder Paint Surface Treatment

Our Product Introduction

for more products please visit us on projector-cabinet.com

Basic Information

- Place of Origin: Shenzhen City, Guangdong Province, China
- Brand Name: shirui
- Certification: ip66/EMC/POHS
- Model Number: Non-standard customization
- Minimum Order Quantity: 5
- Price: Negotiation
- Delivery Time: 15 to 20 working days
- Payment Terms: T/T

Product Specification

- Voltage: 220V
- Projection Distance: 10m
- Cooling Method: Air Cooling
- Protection Level: IP65
- Installation: Wall-mounted
- Projection Angle: Adjustable
- Power Consumption: 1000W
- Application: Indoor
- Highlight: ip65 outdoor projector housing,
ip65 air conditioning projector housing

Eight-axis high-precision bending machine

Column installation: fashion and caution

The cylindrical shell is smooth and cautious. They are a good choice for applications that need to install the projector in a visible position, such as hotel lobby or outdoor restaurant.

The column housing is a good choice for applications that need to protect the projector from theft. They are also a good choice for applications that need to install projectors in narrow spaces (such as columns).

Ground installation: durable and versatile.

The ground-mounted shell is durable and widely used. They can be installed in various locations, including concrete, asphalt and grass.

The ground-mounted enclosure is a good choice for applications that need to install the projector in a lower position, such as parks or outdoor activity spaces. For those who need to protect the projector from elements such as snow or rain.
